

# Fingerprint Time Clock

## Self-service Report, desktop mount for optional

### Introduction

**U200i**, an innovation fingerprint time clock terminal, offering unparalleled performance, advanced fingerprint algorithm for reliability, precision and fast speed. With SSR(Self-Service-recorder) stored in the time clock. It supports both network and standalone, USB flash drive for offline data management. With simple and easy operation, it is the best choice for small office, banks, warehouse, school, etc.

### Distinctive Feature

T9 Input

USB host

Auto starts shift

Self-service query

Work code

Scheduled-bell

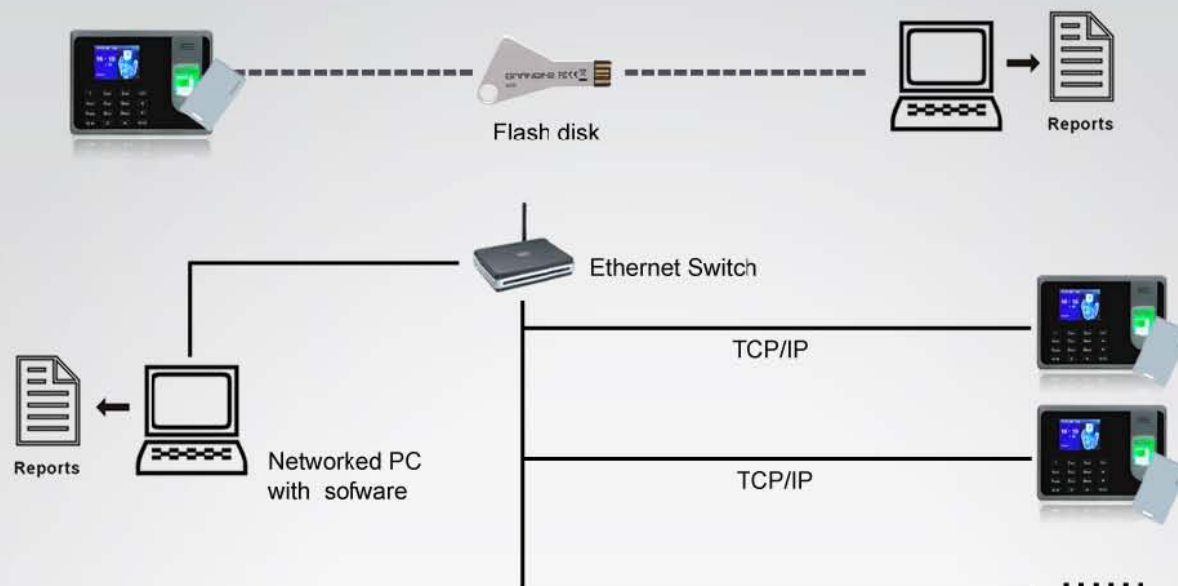

SMS

### Basic Function

- 2.8-inch TFT color display screen
- TCP/IP for networking environments
- Self-Service Report, no software required
- Voice prompt for fingerprint acceptance and rejection
- Support USB flash drive for offline data management
- Support both fingerprint and ID card

## Sketch Diagram

## Specification

### LCD Display

2.8-inch TFT Screen

### Speaker

Voice prompt (language can be selected)

### Capacity

Fingerprint: 3,000

ID Card Capacity: 3,000

Transaction: 80,000

### Verification

Verification speed (1:1)  $\leq 0.5s$

Identification speed (1:1)  $\leq 1s$

### Identification

FRR  $\leq 0.01\%$  FAR  $\leq 0.0001\%$

### Communication

TCP/IP, USB Host

### Language

English ( Other language can be customized )

### Power Supply

110/220VAC - 5VDC/1A

### Environment

Operation temperature:  $0^{\circ}\text{C}$ - $45^{\circ}\text{C}$

Operation humidity: 20%-80%

### Package info.

Machine size: 185(L)\*140(W)\*30(H)mm

Unit packing: 300\*210\*75mm

Real weight: 0.75kg

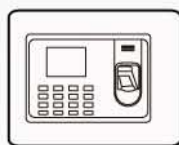

Volume weight: 1kg

### Standard Function

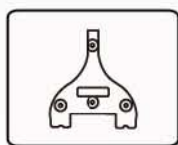

ID Card reader, Automatic Status Switch, 9 PIN User ID,

T9 Input, Self-service query

## Package List

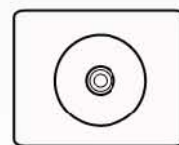

Device

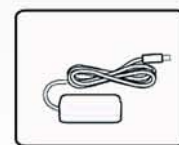

Back Plate

Screws

Software CD

Power Adapter
